Below are some comments from previous guests over the 10 months of operation:

A large, well fitted out apartment. We enjoyed our stay and thanks for the arrival and city information. I would recommend letting people about the great pub around the corner (The Joseph) where we got a full evening meal for less than 8 Euro each and very good atmosphere – typical German Pub (although it is an Irish Bar!!).

### **Nikki and Stuart, London UK – August 9-16 2008, April 2-13 2009**

We have stayed in hotels and apartment hotels with my family before when on business in Leipzig. What we liked was the big space, lovely kitchen-diner with all mod cons and internet etc. It was good that the TV has English channels on it as we spent evenings in with our small child. Thanks for arranging the high chair and baby cot at short notice. Please let me know if you need paying for this. We will be back!! Could we arrange next time for a sheet change every 4 days or so.

I always look for budget accommodation when in Germany and was pleased with your set-up. The flat was large (bigger than expected) and very clean on arrival. Didn't get to use the balcony as it rained every day, but hey-ho. I would include transport information on the website as I was not sure how to use the tram. Actually was quite easy when I worked it out (the no 14 goes from outside the flat just about, but only every 30 mins. The no 1 and 3 I think go from the end of the road every 10 mins). Other than that – thanks.

I chose your flat as it seemed to have all equipment needed and would be quieter than right in town. I found the rear bedroom very quiet and was able to sleep perfectly. Although we did not use it, the front (smaller) bedroom could be noisier if the window was left open. Actually, there was no noise with the windows shut. Thanks for all the information you sent over before. It helped get the best out of our stay.

I am frequently in Leipzig, flying with DHL. Thanks for setting me up so well before arrival. I will use you again. Could I ask for some basic food and milk to be put in the fridge on my next visit? Sometimes I arrive very late at night. You did leave coffee and tea so that was nice. Oh and perhaps some more toiletries in the bathroom as I never travel with enough! Sorry – not complaining, it was a lovely stay and would like to book through you again in April and June.
